AIMS OF THE PROGRAM
The Education Department of Southwestern Adventist University directly addresses the mission to which the University is committed by preparing individuals for effective service in this world. The program incorporates a broad liberal arts education as a basis for the more in-depth focus on academic teaching specializations, field-based experience, and the pedagogy associated with the teaching and learning process. The program prepares individuals for a profession in which they can affect the lives of others in a Christian paradigm.

THE TEACHER EDUCATION PROGRAM
The Teacher Education Program at Southwestern Adventist University provides teacher training in elementary education, including the intermediate school, and at the secondary level. Through the School of Graduate Studies one can obtain a masters degree in Education.

The Education program is designed to prepare students for certification with the State of Texas, and thus be qualified to teach in either the public or private sector. This preparation is accomplished through a combination of campus and field-based delivery systems.

Degrees are awarded by Southwestern Adventist University, while certification is awarded by the State of Texas. Therefore, a student may seek certification upon completion of any degree, the completion of a state-approved teacher certification program, and the receipt of a satisfactory score on the TExES examinations. To be recommended for certification by Southwestern Adventist University, a minimum of 12 successful semester hours in residence is required.

The State Board of Educator Certification (SBEC) establishes the teacher certification standards. Any change in these standards must be reflected in Southwestern Adventist University’s certification requirements; therefore, any modification in the state law affecting our certification requirements takes precedence over statements in the Bulletin.

Seventh-day Adventist teacher certification may be acquired simultaneously by meeting the requirements as outlined in the North American Division Office of Education, “Certification Requirements, K-12”, as revised in 2001.

ADMISSION TO THE TEACHER EDUCATION PROGRAM
Admission to the University and admission to the Teacher Education Program are two separate entities. Students pursuing teacher certification or Teacher’s Professional Development courses will be required to take and pass the Texas Higher Education Assessment (THEA) exam. Registration bulletins for taking the THEA are available in the Teacher Education Department. The THEA is offered six times each year. Persons who fail the test may retake it after a four month interval for as many times as needed to pass.

Professional education course work is reserved for students who have met admissions requirements, made application and have been approved by the Teacher Education Committee. The requirements for admission to teacher education at Southwestern Adventist University are as follows:
1. Take the THEA exam and meet a minimum score of 260 in reading, 230 in math, and 220 in writing. Passing standards are subject to change, as the State Board of Education changes minimum standards.
2. Have completed a minimum of 60 semester hours, or be enrolled in the semester that will complete 60 hours.
3. Have a minimum cumulative grade point average (GPA) of 2.75.
4. Have completed with a "C" or higher College Algebra, Fundamentals of Speech, Freshman Composition and Research and Professional Writing or equivalent courses.
5. Secondary Education certification candidates must have a minimum cumulative GPA of 2.5 in their major courses.
6. Meet all other requirements implemented by the Education Department faculty.
7. After acceptance all students must submit to and pay for a criminal background check.

The candidate is responsible for initiating the application, which is available in the Office of Teacher Certification. All applications will be accompanied by:
1. A statement of purpose - a one page, typed essay describing reasons for desiring a profession in the teaching field.
2. Two letters of recommendation from individuals other than relatives. Preferably, these recommendations will come from SWAU faculty members not in the Education Department, or other work experience supervisors.

DEGREE PLAN
After the student has been admitted to the Teacher Education Program, they should develop a degree plan with their major advisor and the Department of Education. The plan will show the declared major or teaching fields, the work completed and the remaining requirements for the degree. Copies of the degree plan will be filed with the registrar’s office, Teacher Education Department and the major advisor.

RETENTION IN THE TEACHER EDUCATION PROGRAM
To be retained in the Teacher Education Program, students must:
1. Maintain a cumulative 2.75 grade point average in all coursework.
2. Secondary Education certification candidates must have a minimum cumulative GPA of 2.5 in their major courses.
4. Show promising development in field experiences.
5. Demonstrate behavior that is ethically and morally responsible.
At the end of the junior year, the teacher education staff will review each student's progress and advise each according to the findings. A student found in violation of any of the above criteria will be placed on probation. Probationary procedures may be obtained from the Education Department.

STUDENT TEACHING

Student Teaching is a privilege granted to the student through the courtesy of the school and/or district to which the student teacher is assigned. Prompt and regular attendance is required. Students are advised to become familiar with the Student Teaching Handbook prior to student teaching.

Student teaching normally will be taken during the last semester. Student teaching requires full days in the schools for a minimum of 12 consecutive weeks in accordance with the calendar of the school district. Students may not take classes at the university during the hours they are scheduled to student teach, and are limited to 12 credit hours.

Students who do not graduate within six months of student teaching may lose credit for the course and would then need to repeat student teaching. The Teacher Education Committee, prior to consideration for an additional student teaching assignment, must review candidates who withdraw or are withdrawn from a student teaching assignment.

ADMISSION TO STUDENT TEACHING

To be eligible for student teaching, students must:
1. Be unconditionally admitted to the Teacher Education Program.
2. Maintain an overall grade point average of not less than 2.75.
3. Maintain a grade of 'C' or better in courses in the teaching field(s), or academic specialization area, with an overall grade point average of not less than 2.75.

8. Have a commitment to high moral and ethical standards, as defined by the SWAU bulletin.
9. File an application for student teaching by April 1 for a fall student teaching assignment, and by October 1 for a spring assignment.

The Teacher Education Committee will review all applications to determine eligibility for student teaching. Admission to the Teacher Education Program does not necessarily ensure acceptance into Student Teaching. Appeals to any decision must be made in writing to the Teacher Education Council and if needed to the Vice President for Academic Affairs.

All applicants for Texas certificates will be screened for a record of felony or misdemeanor conviction through the Texas Department of Public Safety.
